For public viewing on our website, we have a Member's Cars page that only contains the member's name and photos of the cars. This public access page does not include personal information or even the member's town. Easiest way to get your pictures to us is to send an email with pictures attached to the webmaster at mick@mickbatson.com. Larger photo files work best. Otherwise, you can bring your photos to the next club meeting and loan them to us for scanning.

The above information is requested for club use only. We publish a hard copy of the roster that is available only to members. We also include a password protected secure roster page on our website that only club members can access.
